March 11, 2013

Federal Election Commission 999 E Street, NW Washington, D.C. 20463

Addendum to MUR 6726 – Request for investigation of Chevron and the Congressional Leadership Fund for violation of 2 USC 441c, the prohibition against

campaign contributions by Federal government contractors

Based on the address indicated in the FEC's database, our complaint filed on March 5, 2013, stated that Chevron Products Company, which is listed at that address, was the donor of Chevron's \$2.5 million contribution to the Congressional Leadership Fund. Chevron Products Company is a name under which Chevron USA, Inc., which has a great many Federal contracts, does business, and is not a separate company.

Chevron has responded in the media on March 5, 2013, that it does not believe it violated the law against Federal contractors making campaign contributions because it contributed through a corporation (Chevron Corporation) different from Chevron USA, Inc., which has most of the government contracts. Even if that is the case, it appears based on data from SpendingUSA.gov that Chevron Corporation itseif had government contracts in 2012, and a contribution would be illegal if any of those contracts was either in force or being negotiated when the contribution was made.

In light of Chevron's public statements, we request that the FEC investigate which Chevron entity made the contribution and, regardless of whether it was Chevron Corporation or Chevron USA, determine whether the contributor had outstanding federal contracts (or negotiations for them) at the time of the contribution.

The original complaint filed by Public Citizen, Friends of the Earth, Greanoeace and Oil Change International provided a list of Federal contracts received by Chevron USA, Inc. A list of Federal contracts received by Chevron Corporation is hereby attached.

Sincerely,

Craig Holman, Ph.D.

Cm BHo
